Working Harder To Make Your Job Easier

Pallet Handling

EZ Loader[®]

Automatic Pallet Positioner

The most advanced pallet positioner you can buy!

- ▶ Handles capacities from 250 lbs. to 4,000 lbs.
- ▶ Three-position EZ-Adjust Knob allows adjustment of the collapsed capacity to 1,200 lbs. without changing air pressure
- ▶ Self-leveling system keeps the load at a convenient working height, helping to eliminate bending and improve productivity
- ▶ Integral rotator ring helps eliminate reaching and stretching
- ▶ Stainless steel model available

EZ X Loader[®]

Economy Pallet Positioner

Bishamon Air-System Quality at Mechanical Spring Pricing!

- ▶ Handles capacities from 400 lbs. to 4,000 lbs.
- ▶ Self-leveling system keeps the load at a convenient working height, helping to eliminate bending and improve productivity
- ▶ Integral rotator ring helps eliminate reaching and stretching
- ▶ Captive air system eliminates mechanical springs
- ▶ Integral maintenance bars
- ▶ Easily transported with a fork truck like the EZ Loader

EZ Off Lifter[®]

Floor Level Pallet Positioner

Floor level pallet positioner with a rotating platform!

- ▶ Handles loads up to 2,000 lbs. to a 30" maximum raised height
- ▶ Platform with 1.75" lowered height provides easy ramp access
- ▶ Rotating platform eliminates reaching stretching or the need to walk around the pallet to load or unload
- ▶ Two models to fit most any application. One model features a fixed ramp position and rests on the floor. The second model (shown) offers three ramp positions and must be attached to the floor
- ▶ 115 VAC hydraulic operation

Lift Pilot[®]

Floor Level Pallet Positioner

Ultra space-saving design with telescoping forks allows totally unobstructed pallet positioning!

- ▶ Pallet truck accessible with no ramps or obstructions
- ▶ Unique space-saving design has the smallest footprint in the industry
- ▶ Operator has full access to 3 sides of the pallet with unobstructed access
- ▶ Handles GMA pallets, CHEP pallets and skids
- ▶ Automatic "foot clear" safety design with automatic carriage stop

UniLift[™]

Pallet Lifter and Transporter

Transports and ergonomically lifts standard GMA pallets up to 36" without cumbersome straddle legs!

- ▶ Handles loads up to 2,000 lbs. to a 36" maximum raised height
- ▶ Handles and steers like a standard pallet jack
- ▶ Deployable outrigger technology eliminates cumbersome straddle legs
- ▶ Efficient 24 VAC battery system powers lift operation
- ▶ Multi-roller fork entry system for easy pallet entry and exit

Work Positioning

Optimus™ L2K, L3K, L5K Hydraulic Work Positioners

OPTIMUS
LIFT TABLES

The next generation of highly engineered work positioners!

- ▶ 2,000, 3,000 and 5,000 lbs. capacity models to choose from
- ▶ Two fixed platform sizes for each capacity plus optional rotating turntables
- ▶ Compliant with ANSI MH29.1:2012 "Safety Requirements for Industrial Scissors Lifts"
- ▶ Comprehensive fatigue, life cycle and performance testing
- ▶ Lifetime, maintenance free, composite bushings throughout

Lo-Profile™ LX-Series Low Profile Work Positioners

Provides easy access for pallet jacks and carts!

- ▶ A variety of models with capacities from 550 to 4,400 lbs.
- ▶ Provides hydraulic lifting power from a collapsed height as low as 2.9"
- ▶ Optional approach and pallet jack ramps available
- ▶ Variety of fixed platform sizes to choose from

CompacLift™ X-Series Compact Work Positioners

An economical solution to positioning in tight spaces!

- ▶ A variety of models with capacities from 440 to 1,650 lbs.
- ▶ Variety of fixed platform sizes to choose from
- ▶ Available in manual foot pump, electro-hydraulic and air/hydraulic models
- ▶ Great for lifting and positioning work in confined areas
- ▶ Widely used in machine tool and other production line applications

EZ UP® EZU-Series Pneumatic Work Positioners

The convenience of air instead of electro-hydraulics!

- ▶ Capacity up to 1500 lbs.
- ▶ Available with integral rotating platform or fixed platform
- ▶ Ideal for areas where shop air is convenient and for clean room, paint station and many other applications
- ▶ Capacity up to 1500 lbs.

Mobile Handling

MobiLift™ BX-Series

Mobile Work Positioner

Top-quality mobile lifts for added flexibility.

- ▶ Models with capacities from 330 lbs. up to 1,760 lbs.
- ▶ Manual foot-pump and battery operated lift models
- ▶ Double scissor models available for high-lift applications
- ▶ Stainless steel models available

SkidLift™ LV/LVE Series

Skid Lifts

The most stable skid lifters/transporters available.

- ▶ Models with capacities of 1,100 lbs. and 2,200 lbs.
- ▶ Manual foot pump and battery operated lift models
- ▶ For skids only - no pallets with closed bottom boards
- ▶ Optional tabletop work platform available

MobiLeveler® ESX-Series

Self Leveling Mobile Cart

- ▶ Three models handling capacities from 66 to 880 lbs.
- ▶ Self-leveling spring actuated
- ▶ Gauged adjustment knob
- ▶ Infinitely adjustable

EZ-Mover™ Blue Label

Pallet Jacks

- ▶ 2,500, 5,500 & 6,500 lbs. models
- ▶ 32" to 48" fork lengths
- ▶ 20.5" & 27" fork widths
- ▶ Quality construction throughout
